

# 2011-2012 COACHING EVALUATIONS

Casper Amateur Hockey Clubs coaching program is a volunteer program comprised of parents, grandparents, and/or past players who possess a love of the game and volunteer their time to pass on that enjoyment to the children of our club. One of the clubs greatest limiting factors in the development of our players is the sparse pool of knowledgeable and dedicated coaching volunteers. Nonetheless, our coaches strive to provide you and your child the most enjoyable youth hockey experience possible. Identifying where our coach's deficiencies and strengths lie will help us optimize the development of coaching club-wide. Your participation in this evaluation is appreciated and also critical to provide constructive feedback, positive or otherwise, so our coaches can better address our players' needs. Please fill out in the manner you feel appropriate providing your feedback for your coaching staff. The evaluation is anonymous; however, if you wish to be contacted by the coach or coaching coordinator, please include your name and number.

Upon completion of the evaluation, please place it in the CAHC mailbox at the ice arena or forward to the appropriate representative.

The evaluation is broken down into two parts, one for the parent(s) to complete and one for the player to complete with the assistance, if necessary, from the parent(s). There is an evaluation for both the head coach and the assistant coach. This is necessary to help evaluate where best to place coaches and in what role.

Thank you for your help!!!

**Rating Scale is 1 to 5 (1 being the lowest / 5 being the highest)**
